15	Like town hall station in Edina, or wise acres	Place to buy tree tops and yard art etc.	Take a look at town hall station on valley view in Edina, they open the garage doors in the summer . Have outdoor dining , sell craft beer ☺. More upscale , yet comfortable. Wise acres in Minneapolis, has a nursery near with cool yard items . Ortonville has no place to buy tree tops or items like cool pots off season.

18	New community center!!!! Designed using as much of the original building as	Rest stop area for motorists passing through?	Incorporate the Cashtown name into what you all decide to do
19	Nail Salon & Spa	Brewery & Winery	We want our community to attract young couples back to the area. Sure, restaurants are nice but we have several of those. Let's bring in something new and fun that draws people in. Let's not be known as just a retirement community. You can't find a nice nail salon and spa anywhere local, or a brewery and winery that I know of. Can you imagine the girls days that would stay in town? Either of these options are relaxing and would be very visually appealing as you enter town. I know I would be a routine customer at either option!

29	Turn it back in to a tire place we need it better then twin valley	Put the bait shop over there.	lâ€™m all about making Ortonville look better maybe having a bigger bait shop and Or like I said a tire place. The lake is why we move back this way but Ortonville needs more job to keep people.
30	Chick fila		
31	A family style sit-down restaurant with a full menu.		Ortonville is lacking in this area. Our only offering is specialty dining or supper club. That is great. However, our town needs a restaurant that is open all day including Saturday and offerings full breakfast, lunch & dinner menu- with a family atmosphere. We used to have Hilltop, Cashtown, and a few others on Main Street over the years. Currently that business/revenue goes to Milbank to fill that void.
